

**BIG FISH TO BE
ON EXHIBITION**

Through the kindness of the owner, Mr. B. T. Gray, the largest fish ever known to have been caught in the waters of the Bow River will be displayed at the Hollinger Hardware Store on Tuesday, May 26th. This fish was caught at the Bassano dam in June of 1914, and is 6 ft. 4 in. long, weighing 123 lbs. Those wishing to see this monster of the deep are advised to call early as it is shortly to be sent to several large cities in Western Canada for display purposes and probably will never again be shown in Bassano.

If the children are feverish give a light laxative like Baxil. Ordinarily which often removes the cause. Sold only by Stiles, the Rexall Store, 10c., 25c. & 50c. boxes.

GEM THEATRE

TO-NIGHT
MABEL NORMAND
in a two reel Keystone.

FRIDAY

"And They Called Him Hero."
and two reel War Drama
with Francis Ford and Miss
Canard also "His Lucky
Day."

A Rough House Farce for
the Defence
a drama with a startling
climax.

SATURDAY

A Keystone Comedy.
"The Terror of Anger"
A drama of Primitive Man
in two parts.
"A Chinese Lottery"
a very good story.

**BE ON DECK FOR THE
MASS MEETING ON
SATURDAY AFTERNOON**

Particular emphasis is directed toward the mass meeting called for Saturday afternoon at 2 o'clock for the purpose of electing a board of control to take charge of the Bassano end of the Bassano end of the Western Canadian Irrigation Association Convention to be held here on Nov. 22nd, 23rd, and 24th. The secretaries of the Town and the Board of Trade have jointly issued notices calling for co-operation of both the farmers and town citizens toward helping with both the convention and the re-organization of the agricultural society.

The old agricultural society was organized about four years ago and dropped dead at the time of the real estate boom. At that time arrangements had been made for forty acres of grounds south of town. The securing of a suitable site will be one of the first duties of the new organization.

There should be a good attendance at this meeting as both the convention and the agricultural society need a heavy co-operative support.

BASSANO MAN IN TROUBLE

A. F. Trainor, troubleshooter for the Government telephone bureau, was taken into custody on Monday on a charge of soliciting the utterance of anti-British sentiments. The alleged offense took place in Strathmore and Trainor was taken there for a preliminary hearing and was committed to the district court.

The whole affair came as a surprise to Bassano people, for though noted for his propensity toward an argument of any description, he was never considered to harbor any love for our national enemies. His utterance certainly appear to be a unfortunate indiscretion just at this particular time.

Trainor's friends are circulating a petition towards securing his release.

W. O. Finklin of the Green Bay Lumber Co., Des Moines, Iowa, Henry Taylor, Stockman and Banker of Bloomington, Iowa, D. C. Bradley, Stockman and Banker of Centerville, Iowa, and J. B. Weaver of Des Moines, Iowa, all stockholders of the Duck Lake Ranching Co. were in Bassano last week looking over their investments. This company has ten thousand acres of land north of town and have placed on it a breeding herd of six hundred well bred cattle. They purpose purchasing a course of diversified farming and have given orders for two hundred acres additional breaking this spring.

GENERAL SIR JOHN FRENCH

Reports from London state that Sir John French will be made a Duke at the conclusion of this war if the allies win and cash payment of \$1,000,000 will also be given him, this was recently decided by the cabinet and approved by the King.

**RATEPAYERS ASKED TO
VOTE \$10,000 TO
COMPLETE GAS WELL**

The Council met on Monday evening in regular session, all being present: but Councilor Furell.

Berna & Mayor reported that it would not be legal to charge arrears of water rates as taxes against property.

Berna & Mayor reported that the C. P. R. had tendered a payment of \$800 and costs as a settlement of the 5000 water account against the expropriation department. On motion of Councilor Connolly and Milroy the collectors were instructed to proceed toward the collection of the entire amount.

A reply was received from the school board in the request for copy of motion in the hiring of ex-Principal Mitchell.

The Alberta Electric Co. wrote re adjustment of light account and the matter was left to the light committee. It was moved by Councilors Travis and Milroy that from May 1st, the street lighting accounts be paid monthly instead of quarterly, as funds are available.

The following accounts were authorized and paid:

General:	
O'Brien Bros.	\$18.45
Robt. Hood Mills	1.50
Henry & Johnson	8.10
M. R. Milroy	1.75
Mail Publishing Co.	6.00
Geo. J. Bond	4.00
Mail Publishing Co.	15.12
Waterworks:	
M. R. Milroy	14.70
W. S. Playfair	2.00

The report of the waterworks superintendent was received. Councilor Travis reported that the town engineer had taken in and Councilor Milroy over the water line from the standpoint to the pump house and it was shown that the pump now in operation was resting the line and it was leaking in seventeen places. It was advised to purchase a new pump of turbine style to be installed as quickly as possible in the pump house. The pump suggested will be delivered near double the capacity that the present pump is capable of. It was decided to call for tenders on specifications to be prepared by the town engineer on the pump, J. B. Bassano, tenders to be in by June 10th.

Moved by Councilors McCaughy and Milroy that the balance of local improvement debenture be deposited in the Union Bank as security for the loan negotiated.

Moved by Councilor Milroy and Connolly that J. W. Ford be paid the amount of \$20 for auditing in full. Councilor Travis had reported previously that Mr. Ford had refused to accept the \$20 tendered him. Councilor Travis thought the \$20 a reasonable figure in proportion to the amount of work done. The matter of a grant to the Board of

Trade laid over from last meeting, was brought up. Moved by Councilor McCaughy and Connolly that a grant of \$25 per month be made the Board as long as their progress is satisfactory to the Council.

Moved by Councilors Travis and McKee that the overhead \$28.18 on the financial debenture account be covered by an advance from the general account.

The Mayor presented the resignation of Councilor McCaughy as chairman of F.L.P. committee. Councilor McKee was appointed in his place. Councilor Travis was transferred from the C.H. & E. to the F.L.P. committee and G.H. & E. to the F.L.P. committee was named as chairman of the Cemetery, Health and Relief Committee.

Moved by Councilors Connolly and Milroy that the police committee be instructed to enforce the by-laws.

Moved by Councilors McCaughy and McKee that the town engineer be instructed to discharge any German or Austrian or any pro Germans from the town pay roll.

A by-law for raising \$10,000 to complete the gas well was given its first and second readings and ordered to be adopted according to the Act. The vote of the ratepayers will be taken on June 11th.

Councilor Connolly gave notice that at the next regular meeting he would move an amendment to the present building by-law.

Dr. J. W. Huges went up to Calgary last week to undergo examinations for enlistment in the dental corps. He was successful and expects orders to proceed to the front about the first of June. Dr. Huges placed his application for enlistment several months ago, but until now no dental corps has been called for by the Canadian forces.

Geo. H. Gebert is holding his second public market auction sale Saturday of next week. These sales are providing a convenient medium of exchange for people desiring to buy and sell, and this sale next week, coming as it does immediately after the trial of the remount buyers, will likely find a number of horses being offered.

Suits pressed only 75c.—Torgano

NOTICE

All persons holding claims against the Alberta Electric Co. should present a full statement of claim at Harvey Smith's office for adjustment.

**BLACKFOOT OIL PEOPLE
WELL PLEASED WITH
DRILLING SITE**

The Derrick and tools for the drilling of the well of the Blackfoot Oil & Gas Co. will be here this week and will immediately be taken out to the camp which is now being erected. The well located on an interview with Mr. Crawford, the promoter, this week, and incidentally put a few questions to him as to the reasons for drilling on this location. His answers are practically contained in the following:

"Geology plainly indicates that the large pool of oil will not be found in the broken up formation of the foothill region, where drilling is now being carried on, but in the middle of the Alberta. Nearly all the well-known geologists are a unit in their opinion as to this. The property of the Blackfoot Company shows a distinct area of an anticline which is broad and gentle in its contour, and which is strongly indicative of the accumulation of oil and gas. The topography of the district immediately surrounding the property is very similar to the big Cheyenne field in Oklahoma where oil is obtained in very large quantities. To most of us there should not be a doubt that we should not have to drill very deep here as the Belly River formation has lost quite one half if not more of its thickness by erosion, hence the situation is ideal for development. Many reasons could be given why the middle field in Alberta will eventually prove to be a large oil producer, and it is not what I could give you at any time a complete article deduced from the opinions of the most celebrated geologists who have individually gone over the field, which article would be most comprehensive than this talk. This much you can say, I would not be exceeding the amount of money on this location if I did not feel convinced of results."

It is a significant fact that even since the fall of the oil boom drilling has been continued and there appears to be no feeling that there is oil in Alberta in the quantities and only needs perseverance to locate the right spot. Should the Blackfoot be fortunate enough to discover oil, it will be the best thing that has happened to the province. A new industry will surely sell the sale in Alberta.

**THE NEW C.P.R.
TIME TABLE**

The new time table which takes effect on Sunday, May 26th, will affect Bassano as follows: Calgary local, daily except Sunday, leave Bassano at 7:45, arrive at Calgary at 10:45; leave Calgary at 10:05, arrive at Bassano 22:00, Irricana local, Wednesdays and Saturdays, leave at 4:30 and arrive at 14:00, Empress local, leaves Mondays and Thursdays at 8:00 and arrives on Tuesdays and Fridays at 15:30. No. 3 will arrive at 13:00, instead of 15:45 as at present; No. 4 will arrive at 16:45, instead of 18:02. Nos. 1 and 2 will travel on practically the same schedule as in 1914, the figures having not been issued yet. The 8:00 trains, Nos. 12 and 13 will again be put out. Things will be pretty lively in railway circles after the new schedule comes in force.

The band benefit dance, postponed from Friday of last week to last night, went off in a most enjoyable manner. The evening was nice and cool and the crowd found everything to its liking. The band opened the dance by a few selections to give the crowd the idea of what progress this new organization is making. After this the music was furnished by the Murchison orchestra. At lunch time Mr. W. J. Ritchie, of Calgary, sang very pleasingly "The Best Old Flag on Earth." The boys will realize about \$25.00, which will be used for new auto and equipment.

"Furious, Free and Fair"

BASSANO, THURSDAY, MAY 20TH, 1915

Don't Think Out Loud.

The utterance of pro German
sentiments in Canada is an act of
near treason. Persons inclined
to do should exercise self control
while the exercising is good. We
in Canada have been by far too
tolerant, when consideration is given
of the seriousness of this crisis.

Elections in Abeyance.

The Dominion elections are being
held back for a few months owing
to the serious turn of military
matters of the past few weeks. In
the meantime Mr. Mann is getting
acquainted with the electorate and
it is very evident that his cause is
being heavily endorsed by the
farmers in the riding.

The Gas By-Law.

On June 11th, the Bassano rate-
payers will be asked to provide a
"ways-and-means" to complete the
drilling on the gas well. Although
this may seem a lot of money to
spend on this proposition in addition
to what has already been spent,
the indications for a gas flow are
too promising to let the proposition
drop. Reliable and experienced men
have confirmed this opinion. The
drilling operations are estimated to
consume \$2000. A supply of gas
would mean an economic saving to
the town of approximately \$5000 a
year, figuring on a conservative
basis of a coal consumption in the
town of two tons per capita per
year. The investment would soon
be returned with interest.

The Bountiful Rainstorm.

We got the moisture, practically
two inches of it, some of it fell in
the form of rain and some in the
form of snow; however, it was all
welcome and everyone cheerfully
maneuvered through the deep and
flooded all over with the uninvited
hopes for a bounteous harvest. The
storm period lasted from Thursday
to Sunday, with the weather since
then gradually warming up—just
the most desirable in the interests
of the growing crop. With seed
completed in good time and a good
supply of moisture, the farmers
have a just reason for optimism.
Ninety days more will find the
binders at work in perhaps the
most prolific harvest this country
has ever seen.

MAJORVILLE

Greater Majorville, Alta., May 20th.
When Dorey does not get what he
wants in a trade he keeps on trading
until he does. He gets the David Harum
of the game.

Harry Dorey is visiting friends and
relative in this district. He's worked
through this locality four years ago,
and says there is a remarkable change
as to increased population as well as
higher class outside of farming.

A proportion of our ball team has
already agreed to play, and it is expected
the balance will be secured in the near
future. The quality of ball should be
very good, in spite of most of the players
being new to the game, and we look for
an interesting game with the Queenston
Tigers.

This country seems to have been scolded
rather than by the Indian Land
grangers. Vote for the liberals and get
an up-to-date lesson.

This is the first time in the history of
Greater Majorville that any person has
been known reading other people's papers,
etc., and as coming from the Majorville,
we would advise the good people of Maj.

orifice to gather all their old papers and
dime novels which have anything like
the following: "As the drunk slowly
awakened up, the loud crows, who
I'll never do it again," and forward
them at first opportunity.

We would like to see Sunday post his
famous rules into practice sometime in
the near future, as the best we could
expect would be to get warmed up on the
job. Is there any rule prohibiting a man
from hitting an old woman? If so, we
would expect to have a court case
shortly after.

Public Meeting

ACTING under the authority of
the Minister of Agriculture of
the Province of Alberta, I hereby
call the citizens of Bassano and
the farmers of the district to a
public meeting to be held in the
town hall, Bassano, on Saturday,
May 22nd, at 3:30 o'clock p. m.,
for the purpose of re-organizing
the Bassano Agricultural Society
as per the requirements of the
Agricultural Societies Ordinance.

S. A. Watson,

President the Board of Trade

STALLIONS FOR SALE

I am interested to sell by private bar-
gain the registered Standard Red stall-
ions "Happy Reg" and "Gas Rex"
both bred by the same owner. They
are around 1200 and 1300 lbs. each
and have the best blood in them, being
sired by Ramond 21784, he by Judge
Bellamy 5872, he by Entwistle. His
own dam Norma Sprague was by
Governor General. The dam of these
stallions "Myrtle Orland" is sired
by Labon 10040 and grand dam "Kate
Lalinton" by Belfordner 92. These
sires and dams are the progenitors of
nearly all the fastest horses in America
today.

NOTE—These two stallions will be
sold at a reasonable price and on part
terms if required.
For further particulars, my phone or
write J. W. DURNY, Auctioneer,
Phone W4185. 532-17th Ave. West,
Calgary.

THE NEW Brand Act.

requires the re-registration of all
Brands in the Province. All persons
who registered Brands before December
31st, 1904, will require to have the same
re-registered during the present year.
Notices are being sent out, but because
of changes of address they may not reach
some owners of Brands, and all such are
requested to communicate with the
Recorder of Brands at Medicine Hat at
once, giving a description of their
Brands and their present address, when
full information will be sent them with
request to renewal of the same.

H. A. CHAILO,
Deputy Minister of Agriculture, Prov-
ince of Alberta.

The gentle but sure laxative for children is

J. H. Stiles - Bassano

Farmers and Financial Aspects of the Proposed Liqueur Act.

When the farmers of Alberta
were asked to sign the petitions to
the Legislature asking for the pas-
sage of the Liqueur Act, or its sub-
mission to the people, were they
given an opportunity of reading
the Act before signing the petitions,
or were they told simply that they
were signing for an act prohibiting
the sale of liquor within the Province
if the latter was the case they
signed the petition under an
erroneous impression. They did
not sign on behalf of a Prohibition
Act, pure and simple, but the pro-
posed Liqueur Act which is a very
different thing from the root and
branch prohibition.

Will the carrying of the Liqueur
Act give any benefit to the farmers
of Alberta? No! On the contrary
it will impose many hardships, not
the least serious of which would be
the increased taxation. Is this a
time when the expenditure of the
farmer can be increased? The re-
venue is rather the case. He would
be faced however with the duty of
helping to make up and also to
provide for the increased provincial
expenditure required to carry on
the Liqueur Act (which would be
practically without any revenue for
the purpose) and with the lessened
demand for barley which would re-
sult in lower prices for this grain.
The farmers in Alberta were re-
cently urged to grow more barley
for export purposes, but how can
they do this if the home market is
crippled and there is also a smaller
outside demand?

The chief thing which the farmers
of Alberta will do well to con-
sider is the effect which the pas-
sage of the Liqueur Act would have
upon their own expenditure. This
they can keep right by voting
against the Liqueur Act which the
Temperance people have hoodwinked
them into supporting under the
guise of prohibition.

When farmers, too, go into the
towns and villages, they use the
hotel accommodation conducted
under existing Liquor License
Ordinance. Under the proposed
Liqueur Act there would be no pro-
vision for hotels at all and their
supply would be left to haphazard
or the enterprise of private citizens.
This would be a hardship which the
promoters of the Liqueur Act
would do nothing to redress.

Further no farmer could be pre-
vented from importing liquor from
other provinces for beverage pur-
poses under the Act, but he would
be absolutely prevented from buy-
ing liquor in the Province except
from a registered druggist and
upon a doctor's prescription for
purely medicinal purposes. On the
contrary, under the proposed
Liqueur Act to pay for the liquor he
would have to pay the doctor's fee
which would add materially to the
cost of the liquor. Even if he had
alcoholic liquors in his own home
he could not administer them to a
sick or injured member of his family
without having received a doctor's
prescription.

All these are matters, which the
farmer should have in mind. In
every way the effect of the pro-
posed Liqueur Act would be to make
the farmer dig down deeper into
his pocket. He should carefully
read over the proposed Liqueur Act
from start to finish and ascertain
what benefits he would derive
from it to offset his many dis-
advantages. Advt.

Province of Alberta DEPARTMENT OF MUNICIPAL AFFAIRS

NOTICE OF COURT FOR CONFIRMATION OF RETURN OF UNPAID TAXES.

NOTICE is hereby given that the Judge
of the District Court has appointed
this day of May 1915, at 10 o'clock
a.m. for the holding of a Court
at the Court House in the City of
Calgary for confirmation of the Return
of Unpaid Taxes made under the pro-
visions of Section 10 of the Local Im-
provement Act, covering the following

BASSANO BRANCH - - G. W. BOYD, Manager

BECAUSE: Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but EVERY YEAR.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years to pay, and the privilege of a loan of \$2000 for improvements (6% interest, no principal payment at the end of first or second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm on record. Get full particulars from

A. J. CAMERON, Gen. Supt. of Lands
